This is clearly one of the most opportune sales of China that aggressive retailing has developed. The variety and quantity of the goods included in the movement are too great to compass in a single announcement. We've advertised only a few items—and there are hundreds of others—all rich, unique and meritorious. An aggregation of China; an aggregation of superlative values.

## Scores of Open Stock Patterns.

Scores of styles in French, English, Austrian and American decorated China, known to the trade as "open stock patterns." That means they are sold by the set or single piece. This enables you to select sets to serve your individual requirements and to replace articles that break.

Our regular prices are invariably less than the special(?) advertised by competition. We haven't made reductions in order to be under any other dealers. It wasn't necessary. Had it been we would have cut the prices unhesitatingly.

## FLINT'S FINE FURNITURE

GUESTS OF THE METROPOLIS will find here an education in the art of ostentation. With the skill of a magician we have evoked the most delightful resting places.

Our Louis XVI. reception corner is so fascinating that one expects to be welcomed by a painted and powdered court beauty. Our East Indian Nook—a wonderful bit of mystical carving—the divans and cushions covered with subdued old rugs.

The Chippendale Tea-corner with its old "hob" fire place and comfortable corner seats and paralling above set with Rembrandt etchings.

The Venetian Gothic in direct contrast—light and airy—from the soft Venetian sky-blue of the woodwork to the chandeliers and bric-a-brac of flinty glass.

Come in and see what a bright welcome they will give—rest awhile, and learn what economy it is to
